

Math 115 Fall 2018
Free access to the Calculus e-book for 14 days

Some of the Math 115 instructors have mentioned to us that some students are having difficulties getting a copy of our textbook. We have spoken with Wiley, the textbook publisher, and they are working on creating a Direct to Student website where students can purchase the book online. In the meantime, they have offered to let students have access to the Calculus e-book for 14 days (starting on 9/7/18).

In order to get access to the e-book Wiley asks you to follow these steps:

- Go to www.wileyplus.com/class/668920.
- Click the link – you will be directed to the Wiley Plus site.
- Choose Create an Account
- Agree to terms and conditions and press continue
- Scroll to the last option and choose “[I'm not ready to buy, I'd like to use the 14 day Grace Period.](#)”
- Once you have completed the steps, you will have access to the complete text and can utilize WileyPlus if you desire.

Note from Wiley: Make sure you ONLY chose the free 14 day grace period option. The Direct to Student site will be available soon.
